Christopher John Rudy: Christopher John Rudy 20 JUN 2005.

Sir:

Thank you for the 04/21/2005 Office communication/action
(Paper No. 04152005). In reply to Paper No. 04152005, please
reconsider this application.

CLAIMS AMENDMENTS follow this introductory page.

Claims 1-4, 7, 8, 11, 12, 15, 17 and 20-29 remain present.
Twenty total to include three independent and zero multiply
dependent claims are present, and this amendment is filed before
expiration of the shortened statutory period for response; thus,
no additional fee is due.

This amendment more particularly points out and distinctly
claims the invention, and is fully supported by the underlying
specification to include drawings. No new matter is entered.

This amendment may be entered because it places the case in
condition for allowance or reduces issues for any appeal, and no
new consideration is required. The amendments, in particular,
address the claim objections and the rejections under 35 USC 112,
second paragraph, which were set forth in Paper No. 04152005 for
the first time. Please, therefore, enter the present amendment.

Please also call the undersigned to discuss this application.

FURTHER REMARKS conclude the present paper.
